

## WISHING

It may be true of virtue that "But to wish more virtue is to gain," but it is not true that wishing for health brings us a step nearer the realization of our wish. Health must be sought and striven for. There are more than half a million people who have found health, each in the same way, and by the same means. That way and means are open to you. If you are suffering with obstinate, lingering cough, bleeding of the lungs, bronchitis, emaciation, weakness, a condition which if neglected or unsatisfactorily treated, leads to consumption, begin at once the use of Dr. Pierce's Golden Medical Discovery. It never fails to help. It perfectly heals ninety-eight out of every hundred who give it a fair and faithful trial.

Sick persons are invited to consult Dr. Pierce by letter absolutely free of all fee or charge. Every letter is held as strictly private and sacredly confidential, and all answers are sent in plain envelopes, bearing no printing upon them. The experience of Dr. Pierce often enables him to suggest auxiliary treatment specially adapted to the individual case. Address Dr. R. V. Pierce, Buffalo, N. Y.

"About one year ago I began to be troubled with a dry, hacking cough, and a hurting through my breast so that I could hardly go about or do my house work for myself and husband," writes Mrs. Alice Hotten, of St. Albans, Kansas Co., W. Va. "I let my trouble go on until about eight months ago I got one of Dr. R. V. Pierce's little pamphlets. I learned of a great remedy for such diseases, and I wrote to the World's Dispensary Medical Association in a short time after reading the little book. They soon gave an answer and advised me what to do. I followed their advice and I soon found relief by the use of Dr. R. V. Pierce's Golden Medical Discovery. I have used three bottles of it and now feel like a new person."

Dr. Pierce's Pleasant Pellets do not become a necessity to the system they have relieved of accumulations and obstructions.

## Feather and Wool Dusters

There's no question about the everyday usefulness of a feather or wool duster. You can get along without one, but better with one. Save stooping, reaching and climbing, and will do some kinds of dusting better than anything else. The time was when the cost made them luxuries, our prices ought to make them necessities. After using one a while you would as soon think of getting along without a broom as a duster. Our stock of dusters was bought close and we can afford to sell them in the same way. We have Turkey, Ostrich, Peacock and Wool.

### I've No Old Ideas

Gathered from the garret of my memory and bundled together with a tangled string of thoughtless thinks. Up-to-dateness, newness, cleanliness, cheapness and fullness in weight, feature and count are the links in my endless chain of progressive prosperity.

Here you do not catch the last squawk of the American eagle on your silver when paying for a bottle of medicine.

"Your change, please," is the regulation surprise call to our new patrons.

You save more money in a five minutes comfortable stay in my store than in a four hours' stand at a bargain counter rush.

Nothing, absolutely nothing, do I sell but that it has the advantage of backing of your money returned for the asking. Assumed dignity, pride and snobish bearing, do not greet you here with the cold hand of meanness.

All's wrong that isn't right. All wrongs are right here.

Say, did you get any of that 5 and 10 cent Talcum powder I had in my window for a few days? It's nearly gone. Ten goes don't last long with my short price on it.

There's only one, yes one, only, clean, complete, fair, square, up-to-date, modern and original cut-rate drugist in the city and I'm it. Good bye.

Yours for business.
